PROFESSIONAL SUMMARY

HR Executive with a BBA from NUST and about a year of hands-on experience in recruitment, onboarding, and employee engagement. I enjoy the people side of HR — finding the right candidates, helping new hires settle in, and making sure the workplace actually feels good to be part of. Working closely with senior leadership at a tech company gave me early exposure to the full HR cycle. Comfortable using PeopleForce and GoHire, and always looking to improve how things are done.

PROFESSIONAL EXPERIENCE

HR Executive D4 Interactive, Islamabad

June 2025 – Present

- Handle recruitment from start to finish: writing job posts, sourcing candidates, screening applications, and running interviews alongside the COO or relevant team leads.
- Onboard all new hires personally, walking them through company processes and culture to help them get up to speed and feel at home from day one.
- Organize team-building activities including offsites, cricket and futsal matches, and celebration events to keep morale high and teams connected.
- Manage off-boarding including farewell arrangements, exit interviews, and handover documentation; use exit feedback to flag patterns worth addressing.
- Gather feedback regularly from both employees and managers, then work with leadership to turn those insights into actual policy changes and process improvements.
- Keep PeopleForce and GoHire up to date to maintain organized recruitment pipelines, employee records, and HR data for the leadership team.

Social Media Manager Billgist, Remote

October 2024 – December 2024

- Created and scheduled content for Instagram using Canva, including static posts, Reels, and Stories tailored to the brand's tone and audience.
- Grew page engagement and reach by testing different caption styles, hashtag sets, and posting times to find what resonated.
- Kept the brand presence consistent through a regular content calendar and active community management.
